

A collection of stunning doorsets designed to complement the authentic styling of the home

Suffolk

DOOR COLLECTION

from idea to reality

When designing this collection of doors, many hours were spent researching each era of building styles. Once the designs were decided the fabrication process was put in place to combine mechanical joints, welding plus the use of astragal bars to create the overall effect.

With many authentic features required to replicate a true timber door, it was down to the ironmongers for inspiration, settling on traditional styled handles, knockers and door knobs. The introduction of a slam shut lock also provides the option to not have a handle similar to traditional rim latches. This all culminates into a collection of doors that will confidently grace the front of any building.

bespoke door designs!

Customer requests for alternative door styles, replication of existing glass designs or to produce a door that is more modern in look has seen our portfolio increase; if you have a door to replace and its not in our brochure - just ask!

why buy a Suffolk door?

- Door designs to suit all property types
- Bespoke designs to customer's choice
- High Security locking system
- Energy efficient - U Values are better than standard composite doors
- Unlimited glazing options to create individuality
- Shaped frames
- Traditional styled door furniture includes finger pulls, door knockers and centre pull knobs
- Smart Tech options available
- 17 door colours (incl White) to choose from with matching frame

your door inspiration

our doors

Our Suffolk Door Collection began with a selection of designs that emulate the features of properties from the 1700 - 1900s.

This timeless collection of doors replicate the true timber door used in properties from five historical eras throughout this 300 year period. We have taken our inspiration from the Georgian, Victorian and Edwardian architectural styles, as well as being influenced by door designs found on properties with an Art Deco appearance and common home styles from the 1930s.

These uPVC doors rival any traditionally designed composite door and are perfect replacements for the wooden doors found on older properties.

one step at a time?

Choosing a door can be as simple as perusing this brochure, picking the door from the gallery that is grabbing your attention.

Or

You can take it one step at a time to get the door of your dreams:-

- What door style suits the property?
- What colour door do you want?
- Do you want coloured glass, or just obscure glass? Do you have an idea of glazing that isn't shown in this brochure?
- What about door furniture, do you want traditional ironmongery or just a pad handle?
- Do you want a door that is more modern? Choose flat panels and contemporary styled hardware to change the look of a door style.
- Do you have a door style that isn't in this brochure? Contact us to see if it's possible to manufacture exactly what you need.

security is important

With security top of every homeowners list, our doors are fitted with the highest level 3* plus cylinder available on the market as standard.

What stands between your family and an intruder?
Your Door!

An alarm system will tell you when someone is in your home. Your **Ultion door lock** stops them getting in!

It is reported that 76% of intruders go through the front door and not through the windows; it takes 9 seconds to snap a standard door cylinder and enter the home.

Securing your doors with the Ultion 3* Plus kite marked, Sold Secure Diamond lock defends your home from all known attack methods.

For that extra peace of mind each door cylinder comes with a £2,000 Guarantee.

You can also customise your key. Why not opt for a key fob that lights up in the dark, or one that is coloured to your liking. For the more tech savvy, Ultion also provide a key tracking service that works with Apple Find My Phone app, so you will never lose your front door key again.

the LAVENHAM

THE LAVENHAM door is a grand, panelled door found on properties built between 1720 and 1820. A classic style influenced by Roman architecture and consisting of six panels, these doors would be typically found sat between two columns with a decorative fanlight above.

our **top picks** for the Lavenham doors

Traditional Door Knobs, Premium Doctor Knockers and Etched Glass

Lavenham Door Styles:

Lavenham

Lavenham 1

Lavenham 2

Lavenham 4

(design influences by properties built 1720-1820)

See our Glass page for more glazing ideas

the VICTORIAN

THE VICTORIAN door is a perfect replacement for the mock gothic styling of doors from the 1830-1901 era. The elaborate coloured designs and leadwork of the glazing units create the ornate glass effect found on a typical Victorian door.

our top picks for the Victorian doors

Traditional Ring Pull Knocker, Finger Pull (no lever handle required) and Coloured Jewelled Glass

Victorian Door Styles:

Victorian

Victorian 2

(design influences by properties built 1830-1901)

See our Glass page for more glazing ideas

the SADBURY

THE SADBURY door is a replica design from properties built in 1901-1918. Not quite as lavish as the Victorian, this panelled door is finished with a lead or bevelled window design to accentuate the appearance of this style of house.

our **top picks** for the Sudbury doors

Edgeless door furniture by Sweet; Knocker and Numerals in Rose Gold. Shaped glazing for top and side units.

Sudbury Door Styles:

(design influences by properties built 1901-1918)

See our **Glass** page for more glazing ideas

the ART DECO

THE ART DECO door has been designed to replicate the streamlined, symmetrical appearance of doors found on properties built between 1925 and 1939. A simple, modern effect of parallel straight lines and geometric designs create stunning doors that would definitely not look out of place on a house built with an Art Deco or contemporary edge.

our **top picks** for the Art Deco doors

Black Pull Bar, Black Premium Letterplate and Sandblasted Glass Unit with Clear Art Deco Font

Art Deco Door Styles:

Art Deco

(design influences by properties built 1925-1939)

See our Glass page for more glazing ideas

the IXWORTH

THE IXWORTH door is based on the half timber and mixed red brick/pebbledash design of properties built in the 1930s. Typically an oak door with iron fittings, we have designed and produced this door with both modern and contemporary glazed options that would be the perfect replacement for homes built in this period.

our top picks for the Ixworth doors

Coastal Hardware - Ring pull and Door Knob.
Bespoke Glass design for glazed unit.

Ixworth Door Styles:

Ixworth

Ixworth 2

(design influences by properties built in the 1930s)

glass options

Further options available or bespoke designs on request.

Coloured and bevelled glass designs can offer a traditional appearance, whilst more simplistic etched glass designs give a contemporary look.

The dimensions of these glass patterns can be adapted to suit the style of your chosen door with half, dual and full height glazed panels.

You may wish to personalise your home further by having your house number etched or bevelled within the design.
